Demo Video *Setup Guide*

- Target length: 2 min 30 sec
- Resolution: 1920 × 1080
- April 2026 · Confidential

This document contains everything you need to record the MyNaavi demo video — test data to set up in each Google service, the full voice script with Robert's lines and MyNaavi's responses, and a pre-recording checklist. Use a dedicated test Google account — not your personal account — so no real personal data appears on screen.

Before you start — account and screen setup

PRE-RECORDING

- [ ] Create a dedicated Gmail account for demo use only — e.g. `robert.demo.mynaavi@gmail.com`
- [ ] Connect this account to MyNaavi with all four Google scopes authorized: Gmail, Calendar, Drive, Contacts

- [ ] Set browser zoom to 100%. Use Chrome. Close all tabs except the ones needed.
- [ ] Set screen resolution to 1920 × 1080. Hide the taskbar or set it to auto-hide.
- [ ] Do a full dry run without recording. Speak every line out loud. Verify every MyNaavi response is correct.
- [ ] Use Windows Game Bar (Win + G) or OBS to record. Test audio levels before the real take.

Important: Enter all test data below at least 24 hours before recording so Gmail indexing is complete and everything is discoverable by MyNaavi.

G Gmail — test emails to create

3 EMAILS

Email 1 — Doctor appointment confirmation

From	`reception@drpatelclinic.com` — display name: Dr. Patel's Office
To	Your demo Gmail account
Subject	Appointment confirmed — Thursday April 9 at 10:00 AM
Body	Dear Robert, this is a confirmation of your appointment with Dr. Patel on Thursday April 9th at 10:00 AM at the Riverside Medical Clinic. Please arrive 10 minutes early. Call 613-555-0198 if you need to reschedule.

Email 2 — Message from son Michael

From	`michael.henderson@gmail.com` — display name: Michael
To	Your demo Gmail account
Subject	Sunday dinner — are you free?
Hey Dad, are you free for dinner Sunday around 6pm? Thinking of coming over with the kids. Let me know. — Michael	

Email 3 — Insurance renewal reminder

From	`noreply@intact-insurance.ca` — display name: Intact Insurance
To	Your demo Gmail account
Subject	Action required — your home insurance renews June 15

Dear Robert Henderson, your home insurance policy #HOM-2847-CA is due for renewal on June 15, 2026. Please review your coverage and contact us to confirm or make changes.

Send all three emails from separate secondary Gmail accounts. Mark them all as unread before recording.

Google Calendar — events to create

4 EVENTS

Event 1 — Doctor appointment (Thursday)

Title	Dr. Patel — Riverside Medical
Date	This coming Thursday
Time	10:00 AM – 11:00 AM
Location	245 Riverside Drive, Ottawa ON
Notes	Bring blood pressure log. Ask about eye drop schedule.

Event 2 — Call with Michael (Thursday)

Title	Call with Michael
Date	This coming Thursday
Time	3:00 PM – 3:30 PM

Event 3 — Gym session (Wednesday — will be deleted in demo)

Title	Gym — morning session
Date	This coming Wednesday
Time	8:00 AM – 9:00 AM
Location	Rideau Sports Centre

This event will be deleted live during the demo. Make sure MyNaavi can delete Calendar events before recording.

Event 4 — Friday dinner (will be created live in demo)

Do not create this one in advance.	MyNaavi will create it live during the demo when Robert says: *"Add dinner with Sarah on Friday at 7pm at Riviera Restaurant."*

After the dry run, delete this event so the slot is empty and ready for the live creation.

△ Google Drive — documents to upload

2 FILES

File 1 — Home insurance policy (PDF)

File name	`Home Insurance Policy 2025.pdf`
Folder	Create a folder called `Robert – Documents` and place it there
Content	Create a simple 1-page PDF with: Policy #HOM-2847-CA, policyholder Robert Henderson, renewal date June 15 2026, coverage $850,000. Use any PDF creator — it just needs to look real on screen.

This is the file MyNaavi will find when Robert says "Find my home insurance documents."

File 2 — Renewal note (will be created live in demo)

Do not create this in advance.	MyNaavi will create a note in Drive live during the demo when Robert says: *"Save a note — renewal is due June 15th."* Verify this works in the dry run.

◆ Google Contacts — contacts to create

4 CONTACTS

Contact 1 — Dr. Patel (simple lookup)

Name	Dr. Arjun Patel
Phone	`613-555-0198` — labeled: Office
Email	`reception@drpatelclinic.com`
Company	Riverside Medical Clinic

Contact 2 — John Smith (disambiguation — first John)

Name	John Smith
Email	`john.smith@gmail.com`
